GUIDELINES FOR POSTERS

Poster Size: 24 inches by 36 inches

Each poster’s PDF needs to be able to printed onto a 36” x 24” board for the competition.

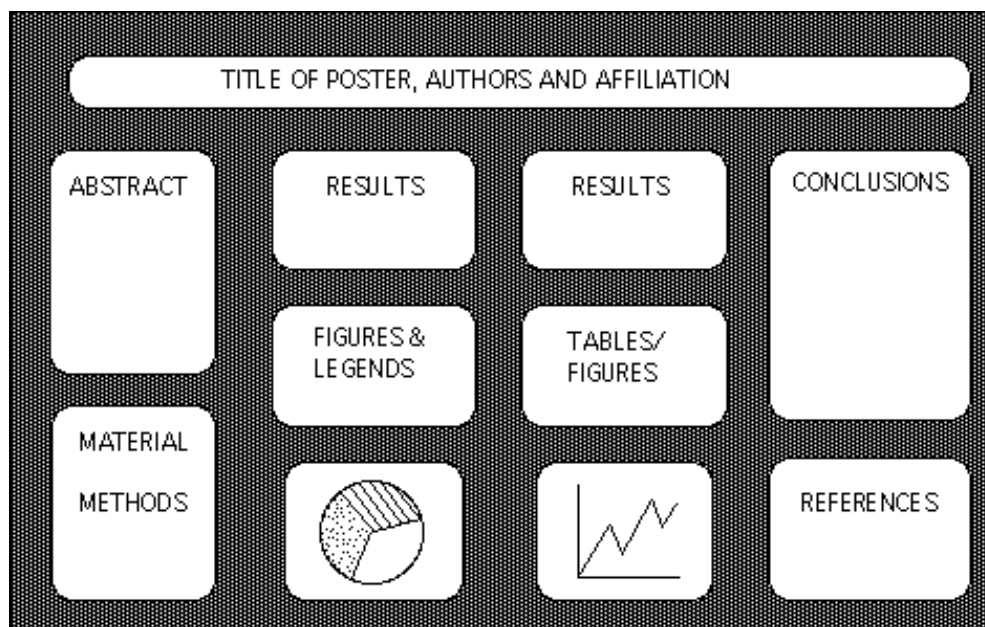

Text

Text should be legible from a distance of 2-3 feet and should be succinct. It can be organized as per the diagram, with a title, an abstract, material and methods, results and conclusions. References are not necessary in a poster, but a few may be included.

Figures and Tables

These are very effective in conveying a message in a poster. Photographs enlarged to about **5"x 7" or 8"x 10"** are ideal, although smaller sizes may be used. Some information lends itself

to presentation in a table format. Tables should be clear and not cluttered with data. Two neat tables are better than a single crowded one. Example below:

August 31, 2026**

**Poster Abstract & PDF are due
